NOW, THEREFORE, in consideration of the foregoing, said Appearer does by these presents establish, create, and impose upon the above described property the following conditions, servitudes, restrictions and privileges, which will govern the purchase and ownership of this property.

The purpose of these servitudes is to establish and maintain French Branch Estates Subdivision as a prime residential subdivision, protecting the investment of its property owners.

### RESTRICTIVE COVENANTS

These restrictions are intended to cover the construction of new buildings and remodeling of existing buildings in French Branch Estates Subdivision. The covenants set forth herein are intended to run with the land and are to be binding on the purchasers herein and all owners of lots in said subdivision for a period of twenty-five (25) years from the date that these covenants are recorded. Said covenants shall be automatically extended for successive periods of 10 years, unless an instrument signed by two-thirds (2/3) of the owners of all the lots in the subdivision has been recorded. An agreement to change said covenants in whole or in part may be made by a vote of owners of two-thirds (2/3) of the lots. Enforcement shall be by any legal proceeding against any person or persons violating or attempting to violate any covenant; either to restrain or enjoin violation or to recover damages, or both.

An Architectural Control Committee has been established for the purpose of approving plans and specifications of all construction within the subdivision. There will be a charge of one hundred fifty and 00/100 (\$150.00) dollars for review of each building plan. The Architectural Control Committee shall initially consist of Don McMath. He shall have full authority to approve plans and specifications, and enforce the restrictive covenants subject to review by other members of the committee. The committee shall consist of three (3) persons, initially appointed by Don McMath when 95% of the Lots have been built upon. Rulings by the chairman may be appealed to the full Committee, whose decision shall be final unless appealed to the lot owners. Any lot owner who is aggrieved by any action or forbearance from action by the Architectural Control Committee (or by any policy, standards or guidelines established by the Architectural Control Committee) may appeal the decision to the lot owners of the lots in Phase 11 within 15 days, at a meeting of the lot owners called for this purpose or any other purpose by the Committee.

No building, fence, wall or other improvements or structures shall be commenced, directed, placed, moved, altered or maintained upon the property, nor shall any exterior addition to or change (including any change of color) or other alteration thereupon be made until the complete plans and specifications, showing the location, nature, shape, height, material, color, type of construction and/or any other proposed form of change (including, without limitation, any other information specified by the Architectural Control Committee) shall have been submitted to and approved in writing as to safety, harmony of structures and topography and conformity with the design concept for the community of French Branch Estates Subdivision by the Architectural Control Committee.

Subject to the same limitations as hereinabove provided for, it shall be prohibited to install, erect, attach, apply, paste, hinge, screw, nail, build, alter, plant, remove or construct any lighting, shades, screens, awnings, patio covers, decorations, fences, hedges, landscaping features, walls, aerials, slabs, sidewalks, curbs, gutters, patios, balconies, porches, driveways, walls or to make any change or otherwise alter (including any alteration in color) in any manner whatsoever the exterior of any improvements constructed upon any lot or upon any of the common areas within the community or to combine or otherwise join two or more dwellings, or to partition the same after combination, or to remove or alter any windows or exterior doors of any dwelling, or to make any change or alteration within any dwelling; which will alter the structural integrity of the building or otherwise affect the property, interest or welfare of any other lot owner, or impair any servitude, until the complete plans and specifications, showing the location, nature, shape, height, material color, type of construction and/or any other proposed form of change (including, without limitation, any other information specified by the Architectural Control Committee) shall have been submitted to and approved in writing as to safety, harmony of external design, color and location in relation to surrounding structures and topography and conformity with the design concept for French Branch Estates.

The Architectural Control Committee may in its sole discretion modify building setback and side yardlines, so long as such modification does not conflict with parish Ordinance.

The Architectural Control Committee may from time to time adopt and promulgate such rules and regulations regarding the form and content of plans and specifications to be submitted for approval and may publish and/or record such statements of policy, standards, guidelines and/or establish such criteria relative to architectural styles or details, lot coverage, building set-backs, minimum square footage of the finished area of improvements, materials, or other matters, as it may consider necessary or appropriate.
